

2014 Firesteed Pinot Noir Willamette Valley – Rosé

To create the Firesteed Pinot Noir Rosé, fruit from Firesteed's Erratic Oaks Vineyard were harvested and de-stemmed without crushing and the grape skins were allowed to soak in the clear juice until morning. Then, infused with a beautiful pink hue, a small percentage of juice from several tanks was assembled to create a balanced blend to be fermented in stainless steel tanks at cool temperatures, retaining the wine's generous ripe-fruit aromas.

The 2014 Firesteed Pinot Noir Rosé's crisp, intense aromas of wild Strawberry and Rose petals are nicely supported by the wine's expansive mouth feel and classic-Rosé finish. Though perfect for the warming weather, this exceptionally versatile wine is ready for any course, *soup to nuts* in every season.
